## **Baby welcome visits:** **What are these?**

**It is a matter truly dear to our heart that all parents with newborn babies have a good start in this new phase of their lives.**

You as parents will receive a welcome bag.

This includes:

- a gift for your child
- important telephone numbers in case of an emergency
- Information regarding offers in your area that are intended for families with small children
- important information for the first few months with your baby

We would like to present you with this bag during a personal visit.

The baby welcome visit is a voluntary and free offer for families.

The visits are aimed at all parents – regardless of religion, first language and background.

*We cordially invite you to  
take advantage of our offer  
for your family.*

## Baby welcome visits:

For a successful start into the future.

A collaborative project by the Caritas Association of Saarbrücken and vicinity e.V. and the Regional Association of Saarbrücken.
